

Dear Miss Suthphen. 64 Elizabeth Ave  
I do not

feel that I want to continue  
keeping house just now  
I have had Mary with me  
all the time except the last few  
days when I sent Mary to  
her sister Paulines at night  
and had her here by day  
because I wasnt at home I  
also I kept Mary from school  
while I was not feeling well  
I want to do what is right  
with Mary - I think within  
the next few days you ought to  
find a new home for Mary -  
she will make a useful woman  
with a woman who can be  
a little more severe than I  
am - perhaps Pauline will  
take her - (Mary tell's me Pauline  
has a player piano) Mary has  
about eight new pairs of shoes

two Winter hats - 2 sweaters  
2 Coats an about eight or  
nine dresses -  
if you will write making  
an appointment will try  
to see you -

for a month I reasoned  
with Mary she might  
be happier at another  
home, but she insists  
she will not leave me -  
so Mary will not  
get excited over the change  
think it best she  
should not know of it  
before - Respectfully

Lydia D. Grimm.
